Skills

Tableau, R Programming

Learning Tableau by analyzing the data which is provided by the organisation and integrate with R

MS Excel, MS Word, Git, Python

Know MS Excel, MS Word & Git. Learning Python from dexlabanalytics

ACL, SQL

Worked on millions of Financial Data, Worked on GLA.

Organiser

Worked with Alexis Society, Hansraj College(NGO)

Certification

- Summer Training on Core Java And Android from Cetpa Infotec pvt ltd
- Paper Presentation on Infinity Venue in CSI Event at national level & E-certification from Alexis Society
- Most Deserving Student of B.A(Prog) for the year 2012-13
- Submitting an Idea for 'Smart India Hackathon 2017' under Ministry of Civil Aviation

Projects

1. Project name: Health and Energy Dashboard

Individual

Technology: Tableau Desktop

Responsibility: Created the visualization for Ministry of Health and Energy. In Health Project, figure out which Brand vs Generic Medicine through state-wise. Also figure out the availability status of Bed, Hospital, Doctor and Ambulance by state and year-wise. In Energy Project, figure out which states are electrified and unelectrified in which year with respect to households and villages. Also visualize the electrification distribution between the household and villages.

2. Project name: IPL Analysis

Member: 2

Technology: Tableau Desktop, R Programming

Responsibility: In this project, I did some visualization by figure out the four vs six between the batsman of particular team season-wise. Also find the man of the match, which stadium is on top, find the top bowler vs top batsman and many more.

3. Project name: BookMyShow

Member: 3

Technology: Data Mining

Platform: SQL Server 2005, Business Intelligence, Weka

Responsibility: In this project, I worked on sales of events, movie, live shows. Figure out which states have more sales and profit. Which states have the demand of specific events, movie. Also apply some algorithms such as K-NN, K-mean etc.

Work experience

17th Sept 2018 - Present	Consultant <i>E&Y</i> Worked on Tableau & ACL, Analyze the Financial Data (Confidential) and make the reports
9th Aug 2018 - 14th Sept 2018	Data Analyst <i>Substrata Solution Private Limited</i> Worked on Dashboard and make the visualization & Government Projects (Confidential)
9th Feb 2018 - 8th Aug 2018	Data Analyst Intern <i>Substrata Solution Private Limited</i> Worked on Dashboard, make the visualization and also worked on Excel.

Extra Curricular Activities

- Coordinator of Placement Cell for B.A. (Prog), Batch 2013-14
